MARKET DULL AND LISTLESS

Trading on 'Change This Morning Conditions Shaping for Much Ac- Vast Undeveloped Region in South Extremely Light.

ONLY EIGHT PARTICIPANTS | THE SEVIER CONSOLIDATED.

Wabash About the Only Stock Which Exhibited Strength-The Closing Quotations and Sales.

Dull and listless was the condition

of the mining share market this forein the trading done upon the regular getting into shape and others that will and open boards, and the sum total of soon materialize as the season advancthe sales only amounted to \$3,750, the equivalent of 9,424 shares transferred. prosperity for 1903. Wabash was about the only stock brought out which exhibited any strength at all. But it was considerably stronger and when the last bid was registered it was found to be 301/2 cents, while it was offered at 32 cents. Daly-Judge remained in the weak condition of yesterday. No sales were recorded, the highest bid for it being \$9.98. Daly-West held firm; May Day would not sell at a higher price than 191/2 cents, while Victor Con. reached 27 cents, closing with 26 cents bid. New York was taken at prevailing prices.

The closing quotations and sales posted were as follows:

Greenwald's Good Luck.

Jake Greenwald considers himself in

luck. A few days ago he came into possession of a large block of stock in the Naildriver Mining company of Park City in settlement of an interest held in

the Custer lode mining claim. The stock is said to have a value of \$1,500. The claim was located 23 years ago, when Mr. Greenwald was a resident of the great mining camp. The assessment work has been done each year since that time. In 1880, other parties interested in the claims, attempted to greatly ships with a since that the claims attempted to greatly ships with the claims. advertise him out of his holdings. The usual process of law was gone through with and the parties who brought the action supposed they had succeeded. But Greenwald had located the proper ty in the name of his brother. Tha fact was overlooked and when it came to a show down he established a valid title to the property.

Are desirable. You are strong and Are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most—women, fall to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after each meal, to digest what fou have eaten, 50c at Z. C. M. J. 50c at Z. C. M. I. Drug Department.

MOUNT BALDY COLD DISTRICT

tivity This Year.

Much Expected From That Company -Franklin Mining Company Working Large Force.

Special Correspondence.

Marysvale, April 1.—The Mount Baldy noon. Only eight stocks participated gold belt has numerous properties, now es, that promises unwonted activity and In Gold Mountain the outlook is ex-

ceptionally bright. The marvelous showing of mineral wealth in the Annie Laurie, adds a stimulating impetus to this rich district. A large body of ore, high grade, has

been broken into on the Trapper's Pride. Rumor has it that a deal is on ing camps in the west today; made so for this property.

for this property.

Flattering reports still continue to come from the Keystone, situated near the Trapper's Pride. An average sample taken from tunnel No. 2 gave returns of over \$80 per ton.

The Butler-Beck is actively at work. This property has produced considerable ore, and has plenty in sight. The Sevier Consolidated will be operated on a most extensive scale the coming season. Plans are being made for the erection of the new mill.

The sensational strikes that have The sensational strikes that have lately been made on the Fish Creek side

at Gold Mountain, with the building of the Sevier Consolidated company's new mill and the prospects of a mill each for the Keystone and Trapper's Pride, assures an unprecedented season tivity for this portion of the Mt. Baidy

In Bullion canyon, the Franklin Mining company is working a full force. Shipments recently made gave highly satisfactory returns. This company has lately increased its capitalization to \$2,500,000, and intends to push work on its many holdings in this and adjoin-

THE NEW YORK HOIST.

Park City Plant Was Steamed Up Yesterday

Manager R. G. Wilson came down from the New York mine, Park City, last night, where he saw the new hoisting plant placed in commission.

It may be several days yet before sinking will be resumed. The company was depending upon the Ontario com-pany for its water supply, but so far that corporation has failed to make the delivery. Temporary arrangements will be made for it elsewhere, so it is not ex-pected, says Manager Wilson, that development will not be much longer de-

MAY DAY ORES.

Settlements Made Yesterday for 119,000 Pounds.

The management of the May Day Mining company made settlements yesterday for a shipment of ores from that Tintic property. The lot consisted of 1,3,000 pounds, which brought net re-buns of \$1,655. The ore carried values to the amount of 45 per cent lead and 31 ounces silver.

PARK CITY PROPERTY SOLD Deeds Filed for Record at Coalville - Consideration \$35,000. Special Correspondence.

Coalville, March 31 .- An agreement for the sale of mining claims was filed with the county recorder on the 25th inst. W. F. Thomas sells a two-third inferest to Michael Fitzgerald and Murty McPolin, in the St. Lawrence group, consisting of the following claims: Maud S. G. A. R., Eat, and Nellie lode mining claims. The coninst. W. F. Thomas sells a two-third Sellie lode mining claims. The con-ideration named is \$35,000. Fitzgerald nd McPolin transfers and assign their nferests to the Naildriver Mining Ex-easion and Milling company for valu-

mining district. WYOMING PLACER MINES. Big Dredge to be Installed on Doug-

de consideration (amount not stuted)

las Creek. Special Correspondence.

Laramie, Wyo., March 31.-The Home Placer Mining company, backed by Illinois cantial, has ordered a dredge and will this summer do considerable work in the Douglas creek placer fields lere the company owns eight or 19 cluable claims. The placer fields produced thousands of dollars in gold a few years ago, being worked by State Auditor W. O. Owen, Le Roy Grant, Union Pacific Conductors William and Ed Story and others. A flume was constructed but the methods completed in contractions of the contraction of the co ods employed in extracting gold, al-though the dirt ran over \$2 to the yard, ere crude and the results were not alisfactory. Then the owners were able to work the placer beds i was high, but now if e stream will be cammed and the dredge placed therein The gravel will be treated on board the dredge, the refuse being thrown out on the banks. Experts say that the gravel will average between 50 cents and \$1 per yard, and that big profits will be realized.

Good News from Deep Creek.

J. M. Hamilton, who is extensively interested in Deep Creek, has received word that conditions are looking very encouraging at the Dewey mine, in the great district to the west, in which he is a heavy shareholder.

CRAND COUNTY MINES ATTRACT

Eastern Utah.

LA SAL MINING DISTRICT,

Tornado Mining Company Ready to Begin a Vigorous Campaign-Rich La Sal Mine.

An heretofore neglected mining region, located in the southern part of the state is receiving attention from local mining men. It is predicted that before the close of the present year this vast mineralized section, known as the La Sal mining district, in Grand county, will witness considerable activity. The one great drawback to the country is its isolation, being a considerable distance from the railroads. But when one considers that Tonopah is 60 miles from the nearest railway point and that it is one of the greatest minby the perseverance of th sturdy Neva-da miner, the obstacles in the way of opening up the gold and copper mines of Grand county are of mere insignifi-

Mr. J. A. Largent, the well known Salt Lake attorney and mining man, was attracted to the La Sal last October and at that time made a careful and exhaustive examination of the geological and mineralogical conditions existisfactory; he arrived at the conclusion that the region was one of great importance and that it would, in time, develop into one of the most productive mining camps in the state.

Accordingly, he acquired property there which formed the basis for the organization of the Tornado Gold Mining company, comprised of well known Salt Lake citizens, among whom are T. R. Black, president, F. G. Carthy, vice president; Isadore Clive, treasurer: J. A. Largent, secretary; George L. Nye and M. I. Fowler, the latter, of

Grand county, directors,
The new company is now ready, said Mr. Largent today, to commence an ac-tive campaign of development and con-tracts are to be let for several hundred feet of exploratory work, consisting of winzes and drifts. At the time of taking over the property 500 feet of development work had been performed, in which was exposed a vein of ore, 10 feet in width, from which assays running from \$7 to \$108 to the ten in gold were obtained. It is also claimed that "hard at it" all winter on his property in Horse Heaven, reports a nice body of which will average 31 to the ton. The which will average \$31 to the ton. The new vein has been trailed across the operty for a distance of 3,000 feet, and lies between a formation of lime and

> Another property of merit in the La. Sal mountains is the International Cop-per mine, in which local mining men

In the same region, but just over the state line in Colorado is the La Sal mine, containing some marvelously rich ore bodies. Mr. Largent was privileged to see the returns from 88 car loads shipped from that property which brought net returns of \$105 per ton. The ore was hauled overland 70 miles to the ralroad for shipment.

Mr. Largent says the mining men of Salt Lake do not realize the importance of the La Sal and Henry Mountain mining districts. If they did he believes that the country would receive the attention which it deserves. An immense amount of trade could be diverted to Salt Lake from that part of the state if a railroad were built into the country from Cisco on the line of the D. & R. G. rallway.

Mr. Largent says that rteps are already being taken by persons interested in the welfare of Colorado to have the road built into the district from that aide. This would mean that Denver would reap the benefit. If Salt Lake people will take a more active interest in the region. Mr. Largent states, the road can be financed to run in on the Itah side without difficulty The Tornado company has a large tonnage of ore blocked out and it is planned to build a mill later in the

Victor Consolidated Showing.

In his statement made to the listing

committee of the stock exchange, be-fore the placing of Victor Consolidated among the listed secuties, Manager Vivian McCune declares that in the mine is blocked out no less than 6,000 tons of ore, which is of the value of \$20,000. The report also shows that 3,600 feet of exploratory work has been executed

which includes that of the Boss Tweed

Victor Con. of Oregon.

Prof. W. H. Tibbals, president of the Victor Consolidated mine, located in Baker county, Ore,, received word today be made at once to the new smelter at Sumpter. The ore is taken from a vein hose claims are situated in the Uintah which carries values running from 75 to 300 ounces silver and from \$13 to \$75

> DALY-JUDGE AFFAIRS. Broughall Resignation Was Not Entirely Unexpected.

Officials of the Daly-Judge company were not inclined this morning to shed any more light on the reported resignaany more light on the reported resigna-tion of Mr J. J. Broughåll, who has has charge of the mill construction work for that company during the past few months.

But there is no doubt that the report is true and that Mr. Broughall's name is no longer upon the pay rolls of the company. It comes from well informed sources that the resignation was not

company. It comes from went into the sources that the resignation was not entirely unexpected; for it is claimed that since the new Daly-Judge plant has been in commission there has been more or less friction between the su-perintendent of the mine and Mr. Broughall over the value of the ores sent down to the mill for treatment At any rate, it is alleged, that the mil returns have not been quite satisfactory to the management and therefor the fault must lie between Supt. Dun-yon, of the mine, and the mill manage ment; either the former has not sent down the ore of the value claimed for it, or elese the mill has not been per-forming its functions properly; a too heavy percentage of the concentrates

going downthe canyon.

But whatever may be the case it is hoped that the difficulty may soon be remedied and that the mine will get in shape to pay the anticipated dividends.

taste and appetite

CONCENTRATES.

The Tonopah Miner is keeping pace with the growth of that wonderful camp. It has been enlarged to a six page paper and its columns are teem ing with good live news each week. Until Col. Sam Dunham, its editor, drove his stakes in Nevada, the newspapers of the Sage Brush state were a sleepy lot. While he has shown his contemporaries a few things about modern journalism, and they have profited thereby, they are still distanced by Tonopah's Miner.

The new smelter at Sumpter, Ore., is

nearing completion. The Lynch-O'Meara company, operat ing the Alpine mine, near Tonopah, is producing 3,500 sacks of ore each month,

James A. Flint, a well known Tonopah mining man, was in the city yes-terday. He departed last night for Montana.

Fred H. Perkins, consulting engineer of the Stockton Gold Mining company, is looking over the Stockton property today.

Managed Tony Jacobson, of the Co lumbus Consolidated expects to depart for the east shortly. The ore and bullion settlements made yesterday amounted to \$48,200, as follows: Base bullion, \$11,300; ores, \$32,-

The management of the Johnny mill, at Stateline, has started up its cyanide department

Willard F. Snyder, of the Western Exploration company, is in the Gold mountain district. A. J. Bettles has gone to Montana on mining business.

Henry C. Cutting, one of Tonopah's leading citizens, says that camp will be before this year closes.

The movement on foot to establish from blasting furnaces to handle the product of the iron mines of Iron county in this city is reported to be progressing favorably.

SALT LAKE MARKETS.

Changes are few and of no special moment in this week's retail markets. In the poultry market hens continue at 20 cents, and spring chickens are being received in quantities, and make fine broilers. The egg market is recovering its equilibrium, as the supply is falling off, and so prices have a tendency to stiffen. At present the 20 cent price continues. Butter continues in good de-mand, the best creamery bringing 30 cents, and ranch butter sells at 15 and 25 cents.

In the green grocery market, articles and prices are as follows: Fiorida to-matoes, 20 cents per pound. Spinach is going four pounds for two bits; Cal-ifornia asparagus is now to be had at two pounds for 35 cents. Potatoes have fallen to 85 cents per bushel. Utah lettuce two bunches for 15 cents. Sweet potatoes are out of the market. Utah rhubarb sells at two pounds for two bits, cau flower, 15 and 20 cents, cabbage, 5 cents; grape fut four for two bits, radishes, 5 cents; celery 5 cents; beans, 15 cents; onions, two for In fruit, oranges are retailing at from

20 to 50 cents a dozen; b nan s at 25 cents; apples at from \$' to 75 a hushfigs, 5 to 25 cents a package; dates, cents a pound. Fresh and cu ed meats are r toiling

at the following price:: P me ribs of roast 17% cents; porterh use steak, 20 cen s; fall lamb, 15 to 20 cents; mutton ops, 12½ to 15 cents; veal, 15 to 20 ents; pork, 15 to 17½ cents; lard, 15 cents a pound; spring lamb, \$1.25 to \$1.50 per quarter. In the fish market fresh salmon is

selling at 17½ cents; pike at 2) cents and frozen salmon at 15 cents per pound. Sacramento river shad is sellng at 15 cents, pike, 20 cents per pound, for 35 cents. Shrimps are 20 cents quart; prawns are 40 cents a pound; crabs at 25 and 30 cents apiece; lobste s. 15 cents a pound; oysters, 56 and 60 cents a quart; blue points, 25 cents a dozen; salmon, Mackinac trout white dozen; salmon, Mackinac trout white fish, 17½ cents a pound; red snappers, 20 cents; fresh mackerel, 30 cents; fresh sea bass, tem cod, rock cod, soles, dounders, halibut, herring, two pounds for a quarter; blue fish, 17½ cents.

In the flour and grain markets, prices remain as follows: High patent flour, 250, hypothesischer the same control of the same control of

\$2.50 a hundredweight: straight grade, \$2.30; bakers' grade, \$2.20. Who'e and cracked corn retailed at \$1.45; wheat, \$1.10 a bushel; lucern, 60 cents a hundredweight; timothy, 80 cents.

STOCKS OPENED AT A DECLINE

Lower Prices for Americans in London the Cause.

THERE WAS NO GREAT SLUMP

Large Blocks of Pennsylvania Were Unloaded Resulting to General Depression of the Market.

New York, April 2 -- Lower prices for Americans in London foreshadowed the opening decline here. Declines were restricted to small fractions except for a fall of % in Reading, ¾ in Amalgamated, and a point in Canada Southern. Room sentiment favored still lower prices when liquidation on a large scale began in Colorado Fuel and Western Union. These stocks scored losses of 31/2 and 2% respectively. Bear operations offered down Pennsylvania, the coalers, Pacifics and Gould stocks. Amalgamated, Sugar, Rubber Goods, Ice preferred, American Cable, Canadian Pacific, Missouri Pacific, Southern Pacific, Illinois Central, Pennsylvania, Reading, Wabash preferred and Minneapolis, St. Paul and Sault Ste Marie, which lost 1@11/2. Blocks of 2,000 and 3,000 shares of Pennsylvania were unloaded, which had a depressing influence on the general market. Texas & Pacific Land Trust certificates advanced 3. Bonds were weak at noon.

Bears made no effort to press their advantage beyond the noon level, but the market never hung back. B. & O. dropped 14. Northwestern 2 and Anaconda 4 points.

Wide and frequent fluctuations in Colorado Fuel had an unsettling effect. It broke to 5614, a loss of 514, railied to 58 and then moved feverishly. St. Paul and Pennsylvania fell to the lowest of the day and what little rallies had been made elsewhere were wiped out.

CASTORIA

2,206,106.31

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his perhat H. Hetcher. sonal supervision since its maney.
Allow no one to deceive you in this.

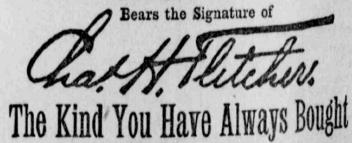

Infants and Children-Experience against Experiment What is CASTORIA

All Counterfeits, Imitations and "Just-as-good" are but

Experiments that trifle with and endanger the health of

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea-The Mother's Friend.

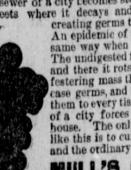

CENUINE CASTORIA ALWAYS

Undermine Your Health. Mull's Grape Tonic Cures Constipation. When the sewer of a city becomes stopped up, the refuse backs

In Use For Over 30 Years

THE CENTAUR COMPANY, TY MURRAY STREET, NEW YORK CITY

into the streets where it decays and rots, spreading disease creating germs throughout the entire city.

An epidemic of sickness follows. It is the same way when the bowels fail to work.

The undigested food backs into the system. The undigested food backs into the system. and there it rots and decays. From this festering mass the blood saps up all the dis-

case germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition house. The only way to cure a countrie like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC is a crushed fruit tonic-laxative which permanently cures the affliction. The tonic properties contained in the graps

strength and health. It will quickly restore lost flesh and make tich, red blood. As a laxatice its rich, red blood. As a laxative its action is immediate and posi-tive, gentle and natural. Mull's Grape Tonic is guaranteed or money back Send 10c. to Lightning Medicine Co., Rock Island, Ill., for large sample bottle. All druggists sell regular sized bottles for 50 cts.
